

# HYDROGEN BINGO

- |  |   |   |  |
|--|---|---|--|
| A. Knows the atomic number of hydrogen                         | B. Knows the percentage of U.S. energy consumption supplied by renewables | C. Knows the process that produces energy in the sun's core                 | D. Can define energy carrier                       |
| E. Knows what a fuel cell is                                   | F. Can define distributed generation                                      | G. Knows a process that separates water into hydrogen and oxygen            | H. Knows the number of neutrons in a hydrogen atom |
| I. Knows in what form energy from the sun travels to the Earth | J. Can name four renewable energy sources                                 | K. Knows the percentage of U.S. energy consumption supplied by fossil fuels | L. Knows the top energy carrier used in the U.S.   |
| M. Knows the U.S. percentage of world population               | N. Can name four nonrenewable energy sources                              | O. Knows the U.S. percentage of world energy consumption                    | P. Can name two ways hydrogen is used today        |
