Energizing Student Potential

2019-2020 Student Evaluation

Student Evaluation (optional)
Google Form: https://forms.gle/ntKVEuy19RVXmmi86

We would love for student feedback but are making this optional as we understand many schools are utilizing remote learning at this time and students may not have the same access to internet resources as others. The student evaluation is via a google form, no sign-in is required.

Please have students complete by June 1st
